Cinotti's Bakery's Tips on storing pies:

Upon receiving your freshly baked Cinotti's Pie, you can either store in the freezer or refrigerator until you are ready to serve. In the freezer the pie will retain its quality for at least one year. Your Cinotti's Pie can be thawed over night in the refrigerator. When thawing pies, please be sure to remove them from their box before thawing as this will help keep your crust from getting soggy. Thawed pies will stay fresh in the refrigerator for up to one week.

 Because our pies have no added preservatives and we use fresh ingredients, leftovers must be kept refrigerated.

Cinotti's Bakery's tips on serving pies:

Like most baked goods, Cinotti's pies are at their very best when served warm.

- Preheat oven to 300 degrees.
- Remove pie from box and place it on a flat baking sheet
- Heat for 30 minutes to 1 hour or until heated through.
- Slice and serve with your favorite ice cream
